Cremation Ashes and Crystal Glass

*"I feel so close to her when I wear it
or just hold it in my hand."*

Ashes into Glass[®] Jewellery

Ashes into Glass[®] jewellery symbolises eternal love and togetherness. By wearing it or just holding it in your hand, you will connect with your loved one and share special moments together. Each item of jewellery tells a story that is deeply personal to you and will shine with its own character. It may remind you of a starry night sky, a wispy cloud up above, or maybe the ashes floating on a gentle breeze.

We create a one of a kind gemstone by layering the cremation ashes within 1100°C molten glass and coloured glass crystals. This unique stone is set into a beautifully crafted setting and will be a daily reminder and fitting tribute to the life of your loved one.

"The most wonderful jewellery I could ever wear."
 Client message - Facebook

We believe that the beauty of such important jewellery should endure to be passed down through generations. The patented process in which Ashes into Glass ® gemstones are made gives them rare qualities of beauty and durability. Multiple layers of molten, coloured and crystal glass together with the cremation ashes gives the stone a wonderful dimension and depth. They are toughened and require no special care to look as new. You can rest assured that your precious jewellery will last for many years to come, reflecting the timeless bond shared with your loved one. Our Maker's Mark "ASHES" gives you the assurance and peace of mind associated with genuine Ashes into Glass ® jewellery.

We work in association with funeral directors who share our commitment to the highest standards of client care. Your funeral director will take care of the administrative side of your order and your jewellery will be created by the Ashes into Glass ® team.

Classic Collection

Our Classic Collection is designed with beauty and durability in mind, clean lines and a timeless style will carry the memory of your loved one for many years to come. The mounts are hand cast using one piece of precious metal with no weak joins or soldering, you can choose sterling silver, 9ct gold or 9ct white gold. Our gemstones are toughened, which means that the beauty of your Ashes into Glass® jewellery will endure to be passed down through the generations.

Each gemstone is made in layers of molten coloured glass, loved ones ashes and liquid crystal glass using our patented process. The individual way in which the ashes settle in the stone mean that each one is completely unique, just as the life that it represents.

Our jewellery collection is designed to hold an engraved personal message or phrase that has special meaning to you.

Rings are hand-made to fit your finger, we will supply you with a ring sizing gauge. Pendants come complete with an 18 inch hallmarked chain.

We have composed five colour tones in glass which beautifully complement the polished mount and the ashes of your loved one.

You can also choose to have a clear gemstone so the ashes will be visible against a backdrop of precious metal.

Halo Collection

The Ashes into Glass® Halo Collection is finished with ethically sourced real diamonds set into the border. Reflections of light bring the ashes centre stone alive and remind you that the spirit of your loved one lives in your heart.

True to our commitment to durability, each diamond is securely wax cast into the metal to guarantee an enduring sparkle.

Ashes into Glass® jewellery bears our own makers mark “ASHES” which is your assurance of a genuine Ashes into Glass® piece.
