Please note the items quoted as "price on application" is because the suppliers of these require external transport to bring them to us and are therefore only willing to give a price when a funeral date is supplied to them.

Please note items quoted as "from" is because the suppliers of these charge by the hour from the time leaving their base around the UK, travelling to Eric F. Box Funeral Directors, doing the actual funeral and then travelling back to their base. An actual price will be given once the logistics of the funeral have been arranged.
